Music Festival at Carrefour**

**April 22 Earth / Science Day
(More details to follow once they are finalized)**

**April 29th School Assembly
at 1:00**

POSSIBLE GRADE LEVEL RETENTION:

At this time of year, teachers are assessing the individual needs of each student in their class. In some instances, the best learning support for a child is having the opportunity to repeat their grade. Retention of students, especially in the early years, has proven to reduce stress placed on the child academically and increase the acquisition of necessary skills. The opportunity to “try it again” allows the child to experience success the second time around, build self-confidence and allow for more positive learning experiences.

Should your child’s teacher suggest that retention be an option for your child, please take the time to explore this further with the teacher.

Congratulations...
